Novel Contribution to Teaching

Workshops on Art and Science of Paper Writing

To encourage young faculty and train them in reporting research findings, Dr Piyush Gupta has conceptualized National Workshops on Art & Science of Paper Writing. He has been the Chief organizer and lead faculty of these workshops. The first of these workshops was organized on 26-27 September 2009 at New Delhi, supported by Medical Council of India. ICMR also funded later workshops. Till date 30 such workshops have been held all over India. Dr Gupta has also trained health professions in paper-writing in Malaysia, Bangladesh and Sri Lanka.

Organization of Professional Programs for Promotion of Medical Education and Attainment of Excellence in Quality of Patient Care

IAP-UNICEF National Program for Increasing ORS and Zinc Use in Diarrhea

Dr Gupta organized and executed the IAP-UNICEF Evidence based Program on Rational Management of Diarrhea as the Joint National coordinator. He was the nodal person from Indian Academy of Pediatrics (IAP) to organize the National consultative meet, Training of trainers, 5 Zonal workshops for 150 Heads of Department of Medical Colleges, and 8 State level and 32

district training workshops for more than 1100 pediatricians between September 2009 and December 2010. He also co-authored an editorial on this (Indian Pediatrics 2010;47:215-7).

Guidelines for Rational Use of Antibiotics in Pneumonia

Dr Gupta was commissioned by the InCLEN and MCH-STAR to develop a White paper on Rational Use of Antibiotics for Pneumonia. For this Dr Gupta convened a core committee consisting of subject and public health experts from Govt of India, International agencies and Professors of Medical Colleges. Guidelines are published (Indian Pediatrics 2010;47:11-8).

Education of Health Personnel in Newborn care

Dr. Gupta worked for training of Medical Officers in districts of India carrying a high infant mortality rate, under the aegis of District Newborn Training Program of Ministry of Health, Family Welfare, Government of India and National Neonatology Forum. Trained more than 250 medical officers in backward remote districts of Odisha, Rajasthan, Bihar, Jharkhand, Chhattisgarh, UP, and Uttarakhand. While in Nepal (on deputation to BPKIHS, Dharan), Dr. Gupta organized and participated in community health delivery and health education programs and camps in the remote villages of eastern Nepal. He is also a Core group Member for promotion of Baby Friendly Hospital Initiative, Govt. of Delhi; and Master Trainer for Reproductive and Child Health Program. Govt. of India. Organized and conducted several training programs for Medical Officers, LHVs, and ANMs, from Sept 2000 till date.

Community based health education

Dr Piyush Gupta has written health articles in Hindi which have been published in *Sarita* (Delhi Press, Delhi) and *Yojana* (GoI publication, Delhi). Besides, he is scripting and anchoring/compeering health programs for All India Radio, for last 25 years, on regular basis (at least once a month). The programs are designed for raising community awareness for lay public through audio mass media and include Talks, Panel discussion, Health quiz and Phone-in programs. He has prepared and presented more than 300 such programs on diverse topics ranging from prevention of communicable and non-communicable diseases to nutrition, environment, maternal and child health, geriatrics, primary health care, disability and handicap, accidents and injuries, occupational health, health education and planning, and national health programs. Dr Gupta has also been interviewed by BBC Radio, London.

Piyush Gupta has also co-authored a book on Prevention of Road Accidents in Hindi (*Sadak Durghatna: Bachav Sambhav*) for the lay public to increase awareness regarding prevention of Injuries because of traffic accidents. This book was also awarded a publication grant by Hindi Academy. He also scripted a video-film on 'Environment' for Delhi Doordarshan.

Promotion of Medical Education

Dr. Piyush Gupta is a professor of Pediatrics and teacher par excellence. He has 33 years of teaching experience for undergraduates and 30 years for postgraduate students. Dr Piyush Gupta is a facilitator and resource person for three diverse curricula strategies in medical education, viz. (i) traditional teaching: at Faculty of Medicine, University of Delhi; (ii) community-oriented curriculum based on SPICES model: at BPKIHS, Dharan, Nepal, and (iii) distance medical education: at Indira Gandhi National Open University, New Delhi. Piyush Gupta was awarded a

visiting fellowship by the Royal College of Pediatrics and Child Health in the field of medical education, at the Center for Medical Education, Dundee, UK. He was also deputed by Govt. of India as a Visiting faculty to BPKIHS, Dharan, a joint Indo-Nepal health venture, to develop the department and initiate postgraduate course in Pediatrics.

Dr Piyush Gupta has two books in the field of Medical Education - “Principles of Medical Education” and “How to Write a Thesis” - which are very popular in medical faculty. Dr Piyush Gupta is the Incharge of Medical Education Unit of University College of Medical Sciences, which has conducted faculty development workshops for both in-house and outstation faculty. He has held several workshops for Faculty of National Board of Examination, Govt. Of India, for thesis and protocol writing. He has held the office of Secretary, Indian Academy of Pediatrics Education Center. Earlier, under the aegis of the same forum, he was a resource person for developing guidelines for undergraduate and postgraduate teaching curriculum in Pediatrics. Dr. Gupta is also a resource person for incorporation of Objective structured Clinical Examination (OSCE) in the practical evaluation of DNB course in Pediatrics, conducted by the National Board of Examination.

Dr Piyush Gupta has authored/edited 35+ books/monographs including books on Pediatrics (both UG and PG level textbooks), Clinical Pediatrics, Pediatric Nursing, Pediatric Emergencies, Medical Education, Thesis writing, and Community Medicine. He is also the Academic editor of the official Textbook of Indian Academy of Pediatrics. His other endeavors in the field of medical education are listed:

Eminence Among Peers in the Profession as a Person of Distinction

Dr. Piyush Gupta has won peer recognition and national /international acclaim for his efforts in the field of Nutrition, Medical education and Biomedical editing.

Nutrition: His work on the effect of antenatal multi-micronutrient supplement in undernourished women on the birth size and incidence of low birth weight babies won international applause. Dr. Gupta was honored with a travel grant award by the American Academy of Pediatrics (AAP) to present this research at the august gathering of National Conference of AAP at San Francisco, USA in October 2004. Dr Gupta was also invited to deliver a keynote address at the Canadian Micronutrient Conference, May 5-6, 2007, Toronto, on ‘Micronutrients and Child health.’

Dr. Gupta is the Chairperson of Nutrition subchapter of Indian Academy of Pediatrics and was the core group member for developing Guidelines for Junk Foods (2019) and Effective Home based care and Treatment of Children with Severe Malnutrition, under the aegis of Department of Human Nutrition, AIIMS; and Indian Academy of Pediatrics. Dr Gupta is member of WHO Group for formulating Modules for Training of health workers for management of severely malnourished children.

He was a resource person for inclusion of “Nutrition in the Medical Curriculum” under the auspices of NFI, CRNSS, ICMR and MCI. He is also a member of the Core group for incorporating “Infant and Young Child Feeding” (IYCF) in undergraduate curriculum, initiated by Breastfeeding Promotion Network of India (BPNI), supported by UNICEF.

At present, he is working in the field of vitamin D. He has published studies on Caffeine intake and Television Viewing habits in adolescents.

Biomedical Editing: Dr. Gupta has served as Editor-in-Chief of *Indian Pediatrics*, the official peer-reviewed indexed journal of the Indian Academy of Pediatrics, from 2008-2013. This is ranked as the topmost specialty journal in India with an Impact factor of near 1. Previously, he has held the position of Associate Editor for 6 years (2002-2007). Dr. Gupta has also conducted and published research related to various aspects of peer-review and publication process of *Indian Pediatrics*. Under his leadership, the journal now has a completely new look and format; several new sections have been started for postgraduates and the practicing pediatrician. The reviewer database has gone international. The website was revamped and electronic publication of the articles (e-pub ahead of print) was started for the first time - drastically reducing the waiting time for publication. The journal acquired its first Impact factor under his leadership in 2008 and within a year this showed a quantum leap by almost 30%, to reach 0.956 in 2009. With the efforts of Dr Gupta, *Indian Pediatrics* is now established as one of the topmost journals in India. Its website attracts more than a million hits per month. Under his leadership, *Indian Pediatrics* has initiated National workshops on the Art of Paper Writing for the upcoming faculty, on an annual basis.

Piyush Gupta is also a reviewer for many international journals. He is a member of the World Association of Medical Editors (WAME) and was awarded a scholarship by the Journal of American Medical Association (JAMA) to attend the “Short Course for Editors” (Tim Albert); and Fifth International Congress on Peer Review and Biomedical Publication; Sep 14-18, 2005, Chicago, Illinois, USA.
